

School Outreach Program

— Connecting our youth to hope and healing.

Mosaic Counseling's School Outreach Program is a vital and valuable resource for hundreds of students (K-12). We offer three (3) areas of service to our youth.

Individual Counseling

Mosaic Counseling is a local nonprofit, as opposed to other EAP's that may be for-profit and whose administrative offices may be out of state. We are the EAP provider for 15 companies including Shape Corporation, North Ottawa Community Health System, Trans-Matic Mfg, and DeNooyer Chevrolet.

Suicide Prevention Training

QPR (Question.Persuade.Refer) is a nationally recognized technique that teaches how to identify someone who may be struggling with mental health issues and how to help them.

Crisis Assistance

In the unfortunate circumstance of a tragedy at school we have therapists available to provide immediate support to students and staff.

Frequently Asked Questions

Q: How long have you offered this service?

A: Our School Outreach program started in 2012.

Q: How many students do you counsel?

A: In the 2018/2019 school year 438 students were provided with individual or group counseling.

What People Are Saying

When you put therapists in schools, they provide much more than just counseling. Making that service widely available teaches students that it's okay to talk about their mental health.
